

## **WARNING: PHOTSENSITIVITY/EPILEPSY/SEIZURES**

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. IMMEDIATELY DISCONTINUE use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- ▶ dizziness
- ▶ eye or muscle twitches
- ▶ disorientation
- ▶ any involuntary movement
- ▶ altered vision
- ▶ loss of awareness
- ▶ seizures
- ▶ or convulsion.

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.

### **Use and handling of video games to reduce the likelihood of a seizure**

- ▶ Use in a well-lit area and keep as far away as possible from the television screen.
- ▶ Avoid large screen televisions. Use the smallest television screen available.
- ▶ Avoid prolonged use of the PlayStation®3 system. Take a 15-minute break during each hour of play.
- ▶ Avoid playing when you are tired or need sleep.

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

### **NOTICE:**

Use caution when using the DUALSHOCK®3 wireless controller motion sensor function. When using the DUALSHOCK®3 wireless controller motion sensor function, be cautious of the following points. If the controller hits a person or object, this may cause accidental injury or damage. Before using, check that there is plenty of space around you. When using the controller, grip it firmly to make sure it cannot slip out of your hand. If using a controller that is connected to the PS3™ system with a USB cable, make sure there is enough space for the cable so that the cable will not hit a person or object. Also, take care to avoid pulling the cable out of the PS3™ system while using the controller.

### **WARNING TO OWNERS OF PROJECTION TELEVISIONS:**

Do not connect your PS3™ system to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

### **HANDLING YOUR PS3™ FORMAT DISC:**

- ▶ Do not bend it, crush it or submerge it in liquids.
- ▶ Do not leave it in direct sunlight or near a radiator or other source of heat.
- ▶ Be sure to take an occasional rest break during extended play.
- ▶ Keep this disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

## CAMPAIGN/LOAD GAME

No longer content with merely being criminal masterminds, the Saints have leveraged their notoriety into celebrity status. They earn millions through lunch boxes, bobble-heads, and reality TV shows emblazoned with the Saints logo. Bad luck sent the Saints into the path of The Syndicate, a legendary criminal fraternity with pawns all over the globe. One botched job later and the Saints have been thrust back into the world of sex, violence, and betrayal. They refuse to bow down to The Syndicate and travel to Steelport, a city that makes Sodom look like Topeka. The Saints are out for blood, and they're going to tear down The Syndicate brick by brick.

## CO-OP CAMPAIGN

Play through the full single story campaign with a friend. Players can drop in or drop out at will, giving you ultimate control over your campaign.

## WHORED MODE

**EXTRAS**  
Activate Cheats or view your Stats thus far.

## WREAKING HAVOC IN STEELPORT

### THE BASICS

**HEALTH**  
Your health bar wraps around the top half of the weapon HUD. The red bar signifies your current level of health, and recharges over time after being depleted. If your health bar completely disappears, you die and wake up outside of a hospital.

**WALKING AND SPRINTING**  
Use the Left Stick to get around Steelport. Tilt the stick a little to walk or a lot to run. Press and hold the **[L1]** button to sprint. You can only sprint for a limited period of time before you get tired. The yellow bar around the weapon palette in the lower right corner of the screen is your sprint meter. When that meter completely decreases, you have to stop sprinting until you are no longer tired.

**CITY TAKEOVER**  
Steelport is owned by the Syndicate and you need to take it away from them block by block. This is done by playing Activities, defeating Gang Operations, and by Purchasing stores and properties. Each time to take over more territory you earn Hourly Income that is accrued in your bank account and available on your cell phone in the CASH menu to be laundered directly to you every in-game hour.

**WEAPONS**  
Hold the **[O]** button to bring up the weapon HUD. Use the Left Stick to cycle through weapons. Use the directional buttons to select a grenade to equip.

**USING THE MAP**  
Access the map from the Cell Phone menu. The map displays your current cash, hourly income, and what's near your current location. Press the **[X]** button to set a GPS target and the map will automatically generate a route for you to follow.

**RESPECT**  
Respect is how you judge just how notorious of a name you're making for yourself. As you kill your enemies, complete missions or perform other in-game actions, you earn Respect. The more Respect you have, the higher your rank, and the more access you have to upgrades and other in-game features. You don't have to worry about spending Respect or keeping track of how much you have. As you gain Respect, you automatically gain rank, and in-game pop-ups will inform you when you have access to new abilities or can purchase certain things with money.

**FOLLOWERS**  
When in a hood you own or after summoning backup, hold directional button **↑** to add Saints to your crew. You can have up to three Saints in your crew, and they will back you up in combat and ride with you in vehicles. These reinforcements can keep you alive by distracting or killing the enemy, so ride out with a posse whenever you can.

**CUSTOMIZATION**  
Customization isn't just about a pretty face or a new pair of shoes. Customization allows you to make your character unique and your vehicles truly yours. Come up with a color scheme or gimmick and wear it with pride. In addition to that warm feeling, Customization gives you Respect, too. A portion of the purchase price of the clothes, tattoos, weapons, or other options you buy goes toward Respect. Visit the shops in the game to get a quick Respect boost and upgrade your fashion sense.

**ACTIVITIES**  
Activities are some of the craziest over the top gameplay that the Saints use to take territory from the Syndicate while earning Cash and Respect. You'll be introduced to them by your contacts or you can search the city and find them all. As you complete Activities new ones will unlock to increase the challenge and reward.

**DIVERSIONS**  
One way to earn Respect is by completing diversions. Diversions encompass a variety of actions, from drifting in a vehicle, killing gang members, getting headshots, or base-jumping. The more you do these diversions, the more Respect you earn, so experiment and have fun.

**HIJACKING CARS**  
Stealing cars is a vital part of the game. Choose your car carefully. Some cars are slow, while others are extremely fast. Others may corner well, but have weak armor. Press the **[A]** button to hijack a car. You will pull out the owner of the car, if there is one, and hop into the driver's seat.

**AGGRESSIVE HIJACK**  
In a hurry? Hold the **[L1]** button and press the **[A]** button to perform an aggressive hijack. Rather than walking around a car and opening the door, you will leap through the nearest window and directly into the driver's seat. The driver will be forcibly ejected from the car, leaving you free to gun it and speed off.

**HOSTAGE DIVERSION**  
If you manage to hijack a car that has a person in the passenger seat, you're in luck! You can now partake in a Hostage Diversion. Take off at high speeds and evade the police until the hostage coughs up some cash. If you slow down, the hostage may escape.
